Look at the list of negative numbers attached to this grid. Order each of the numbers using the three ordering symbols. Remember with negative values, the closer to zero you are, the greater the amount that you have.

The three symbols are:

< Greater/more than

> Less/smaller than

= equal to/ the same as

SPAG

Look at the sheet of paper attached to this grid. There is a list of synonyms and a list of antonyms. Your task is to draw a line to the antonym that matches each of the synonyms. Make sure you use a ruler when drawing the lines. Remember that an antonym is a word that has the opposite meaning to the original word.

SPAG

Log on to Active Learn and open the Relative Clause activity. Here you will find six different activities that are designed to help you revise your knowledge of relative clauses in a variety of different ways. Please complete all six by the end of half term.

Gold Class Homework Spring Term 2

Mathematics

Log on to Active Learn and open Bingo! 6.17b. In this task you must revise the key skill of identifying highest common factors, lowest common multiples and prime numbers. Please complete the Bronze, Silver and Gold levels by the end of half term.

Mathematics and English

Please make sure that you are completing some of your CGP Revision Booklets each week. You must also make sure that these books (three altogether) are in school with you each day – we may use them in lessons when revising certain skills!

One of these homework tasks should be completed each week.

Homework is due each Friday.

If you have any questions or queries about any of the tasks, please do not hesitate to contact me at:

Spellings

As well as learning your spellings as you do each week, one week I want you to write a sentence for each of the spellings, that shows that you understand the meaning of the spelling. Challenge yourself this half term and try and put multiple spellings into each of the sentences if you can!
