

Myths and Legends

Make your own Labyrinth for the Minotaur. Draw one using a ruler or get creative and make it from materials such as straws, string or wood.

Design or create your own legendary creature. Write a paragraph about it explaining its name, where it lives and what its powers are.

Write a diary entry from the perspective of King Midas. What would his life have been like?.

Bring to life your own 'Trojan Horse' design that you could use to sneak into school. Remember it has to trick the teachers so it must be something that you see in school each week.

Draw your own interpretation of what Medusa looked like.

Complete some of the maths activities on your Active Learn account

Plan your own legendary or mythical story in the form of a cartoon storyboard. Draw a picture of each section of the cartoon and write a few sentences about each.

Using recycled materials, create your own golden artefact that you think might have been found in King Midas' palace.

Write a newspaper report about the Labours of Hercules. Write the report as if you were there at the time and it is the latest news

At least one task must be completed each week.
