

Reading – Choose your favourite character from a book you have been reading and create a character fact file all about this character. Try to include as much key information as you can about them.

Mathematics – Plot the co-ordinates in the first quadrant and see what picture is created at the end. Remember, **along the corridor and up the stairs**.

Mathematics – Find the positive and negative numbers on the number line on the worksheet.

French – Draw a picture/floorplan of the rooms in your house. You can draw the furniture in each room too! Label the rooms in French. Use the key vocabulary sheet to help you.

Silver Class Homework Grid Spring Term 1

English – Choose something to make. This could be a meal or a type of craft (e.g a sandwich, a friendship bracelet, a pizza). Write a set of instructions including imperative (bossy) verbs.

Science – This half term we are learning about living things and their habitats. We can group living things in many different ways. Create a poster/write a list finding 10 examples of animals that would fit into each group – animals that live in the jungle and animals that live in the desert.

RE – This half term we will be learning about the Sikh faith. Choose a Sikh Guru and make a poster/fact file all about this guru. Your poster should have at least 5 facts about the guru.

One piece of homework must be completed each week (there is no expectation that all pieces will be completed this half term as long as one piece is completed per week). Homework books are to be handed in by **Friday** each week.
