

## Year 1 Homework Challenges - Autumn Term 2 2019

Recall and record your number bonds to 10. Make a poster with them on to help others remember them.  
E.g.  $6 + 4 = 10$ ,  $7 + 3 = 10$ .

Whilst on an Autumnal walk, use your senses to describe what you can smell, taste, touch, hear and see. Write down everything in your homework book, including where you have been.

Draw and label an aerial map of your street.

### Homework Tasks

Design and write an invitation to a friend, inviting them to a teddy bear's picnic.

Choose a family member or friend to describe in your books, and I will try to guess who they are. Remember to describe what they look like and include their key features, such as their eye and hair colour. You might also want to include their age or hobbies, to try and help me guess who they are.

Create a Christmas decoration for our class Christmas tree.

**Please encourage your child to discuss the phonics sounds they have learnt each week, as well as working on their segmenting and blending when reading their reading books at home.**

**Please read with your child each night for at least 15 minutes and sign their reading record.**
