

## Year 1 Homework Challenges - Spring Term 1 2020

Research The Great Fire of London and write 5 facts. You can use the internet, books from the library or what we have learnt already, to help you.

Recall and record your number bonds to 20.

E.g.  $2 + 18 = 20$ ,  $10 + 10 = 20$ .

Record them in whichever way you choose and be as creative as you like. You could create a song, rap or number bond cards.

Write a letter to one of your friends in our class, telling them about your weekend. Post the letter to School for them to open.

### Homework Tasks

Create a room from your house out of scrap materials, e.g. a shoebox, cardboard.

Bake or design an item of food for our bakery role play. You could bake some bread, design a biscuit using icing, design a cookie or make a cake. Take pictures of your baking adventures and stick them into your books or email them to Miss Wilson.

**Please encourage your child to discuss the phonics sounds they have learnt each week, as well as working on their segmenting and blending when reading their reading books at .**

Please read with your child each night for at least 15 minutes and sign their reading record.

Spellings are written in records on a Friday to be tested in class the following Friday.
