

Days of the Week

Create a song, rap or poem to help you remember the Days of the Week. You can record it at home and email it to me to share with your friends.

swilson@poolhouse.lancs.sch.uk

Measurement

Find five objects in your house and measure the length of the object. If you don't have a ruler or measuring tape, you can use biscuits, pasta tubes or cubes to measure your objects. Use the table provided to record the lengths of each object.

Can you order your objects from smallest to largest based on your measurements?

Mathematics

Play on Hit the Button to practise your 2, 5 and 10 times tables.

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Record your highest score in your books. If you don't have access to the internet, create a poster for each of the times tables to help you learn them.

Moonbeam Class Homework Grid Spring Term 1

English

Unscramble the sentences provided in your books and order the words and punctuation so they make complete and accurate sentences.

Can you make a scrambled sentence for me to solve?

Reading

Choose five words from a book that you don't know the meaning to. You could use a book from home or your reading book. Research what each of the words mean by using a physical or online dictionary. Write the word and its meaning in your books.

Writing

Write a letter to a friend or family member telling them about your weekend. Remember to use capital letters, punctuation and finger spaces. Please use at least three conjunctions in your letter (and, if, so, because, then, when).

Please encourage your child to discuss the phonics sounds they have learnt each week, as well as working on their segmenting and blending when reading their reading books at home. Please read with your child every night for at least ten minutes and sign their reading record.

One piece of homework is to be completed every week and handed in by **Friday**.
