

Mathematics Homework – Spring 2

Can you round these numbers to the nearest 100?

Remember numbers that end in 1, 2, 3 and 4 round down.

Numbers that end in 5, 6, 7, 8 and 9 round up.

125	98	355	289	329
104	508	570	411	247
392	329	142	318	145
236	277	338	432	537
476	487	578	524	615
125	622	368	480	378
425	461	632	548	585
362	251	551	271	76

Choose a colour for each rounded number below and then colour the numbers above according to which hundred they will round to.
