

SPaG

Write a short story about anything you choose. Make sure that you include, direct speech (correctly written and punctuated) and a complex sentence.

Making Masks

Have a think about what pattern you would design on a protective face mask.
Draw a picture of this for me and label it explaining why you have chosen this design and what other interesting aspects it might have.

Choose as many activities to complete in a week as you would like.

Sound

Create your own musical instrument using any materials that you have at home.
Think back to our sound topic – how is sound made? How does it travel?
Use your instrument as an example to explain to me how sound is created.

Silver Class (Y4) Weekly Work Web Week 3 Summer Term Miss Pass

Times Tables

Choose one of the times tables you struggle with and practise this for at least 5 minutes each day.
If you feel confident try practising multiple times tables.
Send me evidence of this in pictures of your written work or of yourself practising orally.

Column Subtraction

Can you remember how to solve column subtraction questions?
Use a dice or random number generator (apps available on phones for free or online). Get two different numbers and subtract them – make sure you show your working out.
Remember you may have to exchange numbers to solve the problem.
CHALLENGE – write me a word question involving subtracting to solve and send the answer back to you.

Missing PE?

Make up a game of your own to play with an adult, sibling or friend.
Practise it to make sure all your rules are clear.
Write out the instructions for your game clearly, using imperative verbs, lists and the correct grammar and punctuation.

Email me some of the work if you would like me to see it – I would love that!
