

Science 1

Watch the video explaining how the earth both rotates and revolves.

<https://www.youtube.com/watch?v=I64YwNl1wr0>

Listen out for scientific language used and come up with definitions for the following;

- Axis
- Rotation
- Revolution
- Orbit

Science 2

Design a chart comparing the difference between rotation and revolution.

Rotation and Revolution

	
Rotation means.....	Revolution means.....
1 rotation of the earth takes	It takesfor the earth to complete 1 revolution around the sun.
The Earth's rotation gives us.....	The Earth's revolution gives us

RE

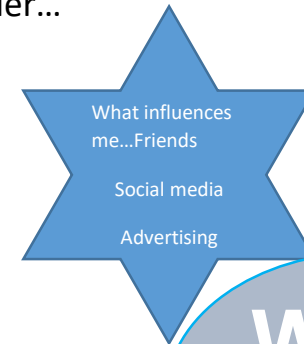

Watch the video explaining the importance of the Torah

<https://www.bbc.co.uk/bitesize/clips/zjkq6sg>

Jewish people use the Torah to guide them to live life in accordance with Gods rules. Next week you will be thinking about the rules that you follow. Where do they come from? Why do we follow these rules? Which rules are the most important to you?

PSHCE

Following on from your Healthy lifestyle mind map, look at the headings below (or chose your own) and think about what things influences the decisions you make about your life. List your top 3 influences in priority order...

Week
2

Email your work to :-

pmearns@poolhouse.lancs.sch.uk

And

anoonan@poolhouse.lancs.sch.uk

Mathematics

Complete the following maths activities:-

Cloud Clash 5.1

Jungle Jump 5.3

Marching Madness 5.4

All these
must be
completed
this week
