

Become a PE teacher for the day and come up with some 1 minute workouts for you and your family to complete (Joe Wicks style!) You could even film yourself and send a video to me to share with the rest of the class on our website class page.

Design a new invention that you would like to have in your house. It might be a toy that transforms, a robot to make your bed each morning or a pen that magically finishes your homework!

Practise your 4x and 8x tables and ask an adult to test you to see how many you can answer in a minute. You could even go on '**Hit the Button**' to practise and email me your highest score as part of a class competition.

Bronze Class Work Web 1

Read a book (it could even be an Active Learn e-book) and write a book review for this book. It can be one we've read in class together. Who would like to read it?
What was your favourite part?

Write a letter/email to a friend (or me via school/my email below) to tell them what you have been doing during lockdown.

Google '**BBC Bitesize Life in Roman Britain**' and watch the videos/read the information. Can you design your own Roman Villa?

Your challenge is to complete 1 piece of work each day (Monday-Friday). You can email some evidence to me if you would like me to see what you have been doing too!
I would love to hear from you all.
