

Watch this National Geographic Kids video about Africa.

<https://www.youtube.com/watch?v=PSYHMYVfo>

How many animals can you see? Choose an African animal to research and write some facts about.

Write a story about an adventure you would like to go on. Where are you in the story? Who is with you? Maybe you dive into the ocean and discover a new world under the sea or you launch off into space.

Design your own zoo. What animals would be in your zoo. Can you create a map, including the name of your zoo, with a key.

Try a new activity you have not tried before. It might be a new form of exercise such as jogging, skipping or yoga. You could visit Cosmic Kids on YouTube.

Bronze Class Work Web 2

Draw a floorplan map of your house. Can you include the furniture in each room and draw a key for your map.

Help an adult make a meal and write your own recipe (including instruction of how to make). By the end of lockdown you might have your very own cook book!

Your challenge is to complete 1 piece of work each day (Monday-Friday). You can email some evidence to me if you would like me to see what you have been doing too! I would love to hear from you all.
