

### Science

#### **TBAT create my own creature**

Create your very own creature and then make a fact file about the creature. Explain which of the vertebrate groups it fits into, its habitat, which country it can be found in, describe its appearance and consider how it breathes and reproduces (live young or eggs?).

### Mathematics

#### **To know the Place Value of given numbers**

Revise what we have previously learnt about Place Value. Log on to Active Learn and play 'Lava Drama' where you must order the numbers based on their value. Try to complete all three sections and I will check your progress online.

### Spellings

#### **To know how to spell key words**

Look at the Spellings section of our website. Here you will find your spellings to be tested on Monday 12<sup>th</sup> October. Find the meaning of any words you do not understand and write sentences that include the words in them.

### SPAG

#### **To identify synonyms and antonyms**

Match the original words to their synonyms and then match them to their antonyms.

**Synonyms** – different words with the same meaning as the original

**Antonyms** – Words with the opposite meaning to the original word.

## Gold Class Work Web

### French

#### **To know how to introduce myself**

<https://www.bbc.co.uk/teach/cls-clips-video/french-ks2-how-to-introduce-yourself/zf84d6f>

Watch the video and practise using the vocabulary to introduce yourself. You can video yourself or write down the vocabulary you learn.

### PSHCE

#### **To know how to help the people who keep us safe and healthy**

Speak to your family (those who keep you healthy and safe) about what you can do to help them each day. Keep a log of the ways you have helped them throughout the days/week.

### History

#### **To create a timeline of key rationing events in WW2**

Watch the video about Rationing during WW2 on our Learning Wall.

Use some of the key rationing events I've sent to you to create your own rationing timeline with accompanying images.

**WORD****SYNONYM****ANTONYM****big****microscopic****tiny****generous****sincere****large****on time****beautiful****deceptive****angry****vibrant****stingy****small****gigantic****dull****honest****punctual****ugly****pretty****giving****late****colourful****furious****calm**

---
