Post 16 tuition fund 2021 - 2022

This academic year we are prioritising our tuition fund allocation:

on support for the students who have not achieved a grade 4 in English and/or Maths

on supporting the learning of disadvantaged students who have not achieved grade 5 or above in at least one of English and Maths, including SEND students

Our targeted support includes:

Increased number of taught hours in all our blocks for both Maths and English (8 hours per fortnight).

The purchase of revision guides and support materials for identified students in each subject.

All re-sit classes to have a small number of students.

Year 13 students who did not achieve a grade 4 in English or Maths to continue studying alongside their other courses.

After school revision sessions and 1 to 1 mentoring of students who are on courses without a 5 at GCSE.

Pastoral Leader/tutors to undertake a 1:1 with all year 12 students retaking Maths and English to ensure their needs are being fully met this year.
