

Sims Parent App – Setting up

In order to be able to use the Parent App you are required to register first and then install the SIMS Parent App on your smart phone. For this example we used a Facebook account to register.

<p>Step 1: Open your invitation email that was sent to your registered email address with the School.</p>	<p>Step 2: Choose your preferred account type you would like to register with. Be aware that SIMS ID can't be used!</p>	<p>Step 3: Check your name and click on the Register button.</p>
		
<p>Step 4: Type in one of your children's date of birth following the format of dd/mm/yyyy. For example, 12/04/2009</p>	<p>Step 5: After clicking on the Verify button you might see this screen for a few seconds. That is OK.</p>	<p>Step 6: You are logged in to the <i>web version</i> of the Parent App.</p>
		

From here on you have two options. You can continue to use the web version (<https://www.sims-parent.co.uk>) or you may prefer to install the SIMS Parent App from the Google Play store or from the Apple store.
