

PORTLAND SCHOOL

## **Alternative Provision**

At Portland, we occasionally have to seek alternative provision for some of our pupils, as we are unable to meet their needs on site. In such cases, an application is made to the 'Alternative Provision Board'. The board are responsible for quality assuring all the placements available to our young people.

As a school, we have a responsibility to monitor pupil's attendance and safeguarding and make regular visits to each pupil at their provision to ensure good progress is being made.

Alternative Provision allows our young people to complete their education in a way that best meets their individual needs.
