LAMMA 2026 – NEC Birmingham

Dear Parents and Carers,

We are pleased to share an exciting opportunity for pupils to attend LAMMA 2026, the UK's premier agricultural and farm machinery show, taking place at the NEC Birmingham on Wednesday 14th January 2026.

LAMMA is the UK's largest and most influential farm machinery event, bringing together farmers and industry specialists from across all agricultural sectors. The show features over 600 exhibitors showcasing cutting-edge developments in tractors, combines, arable and grassland machinery, as well as the latest innovations in agricultural technology, equipment, tools and services. Pupils will have a unique chance to explore new technologies, witness exclusive machinery launches and UK debuts, and see demonstrations from both global brands and specialist manufacturers — all under one roof.

During the visit, pupils will be allowed to circulate the exhibition in small groups, with clear supervision arrangements, designated meeting points, and set return times throughout the day.

Key Information:

- **Date:** Wednesday 14th January 2026
- **Departure:** 08:45 from school
- **Return:** Approximately 14:45
- **Uniform:** Full school uniform must be worn
- **Food:** Pupils should bring a **packed lunch**.
 - There is a coffee shop on site, but we strongly recommend bringing snacks and food to avoid queues and ensure pupils have enough time to enjoy the event.

This is a fantastic opportunity for pupils to broaden their understanding of STEM, engineering, and agricultural technology in a real-world setting.

QUEEN ELIZABETH
HIGH SCHOOL

If you are happy for your child to attend, please confirm your consent on MCAS at your earliest convenience. We would be grateful for a £5.00 contribution towards the cost of transport.

If you have any questions, please feel free to contact us.

Kind regards,
