

Core Subject

ICT

Overview

These are vocational courses that take an engaging and practical approach to learning. The courses reflect and provide students with a solid understanding of the subject which they can use in their personal and professional lives. The courses cover everyday use of ICT from PCs to smartphones, and the themes covered are business use, creativity and technical skills.

Assessment

For Cambridge Nationals students complete internally assessed coursework and an external examination at the end of the course.

Yr 9 Foundation:

OCR Cambridge
Nationals Level 1/2
Award

Yr 10/11 Progression:

OCR Cambridge
Nationals Level 1/2
Certificate

Additional Qualifications:

NCFE Level 1/2 units
in design, media and
technology

Post 16 Progression

Successful completion of a Cambridge Nationals ICT course can lead on to Level 3 ICT courses, although the skills learnt can be applied to all walks of life and learning.
