

## Core Subject

# Computing

### Overview

These are vocational courses that take an engaging and practical approach to learning. The courses reflect and provide students with a solid understanding of the subject which they can use in their personal and professional lives. The courses cover everyday use of ICT from PCs to smartphones, and the themes covered are business use, creativity and technical skills.

### Assessment

For Cambridge Nationals students complete internally assessed coursework and an external examination at the end of the course.

#### **Yr 9 Foundation:**

OCR Cambridge  
Nationals Level 1/2  
Award

#### **Yr 10/11 Progression:**

OCR Cambridge  
Nationals Level 1/2  
Certificate

#### **Additional Qualifications:**

NCFE Level 1/2 units  
in design, media and  
technology

#### **Post 16 Progression**

Successful completion  
of a Cambridge  
Nationals ICT course  
can lead on to Level 3  
ICT courses, although  
the skills learnt can be  
applied to all walks of  
life and learning.
