

Read St. John's Equality Policy

"So in Christ Jesus you are all children of God through faith"

Galatians 3:26

Here at Read St. John's we are proud of our vision and core values which underpin our day to day life.

'Sowing the Seeds of tomorrow; growing in the light of the Lord'

At Read St. John's we aim to unlock the potential for everyone to flourish whilst being rooted and grounded in God's love. We aim high, so together as one family, we can fly. This vision is underpinned by our Christian values of: Trust, Friendship, Compassion, Perseverance, Forgiveness, Respect, Service and Responsibility.

We created our vision statement based upon theological roots from Matthew 13: 1-23 and our school belief that all children should be given the opportunities, care and support they need to achieve their full potential and to become responsible, confident, and happy members of society.

School Statement on equality

In line with the Diocesan Vision and Church of England Vision for Education, which specifically talks of the need to build community and promote dignity, this school seeks equality in all it does. Every person in our school community has been made in the image of God (Gen 1:27) and is loved unconditionally by God. Everyone is equal in the sight of God and therefore we seek to love one another as Jesus loved others. Our school is a place where we seek to serve others and all in their unique difference can able to thrive.

We are committed to promoting the understanding of the principles and practices of equality – treating all members of our school community as individuals, according to their needs, with an awareness of our diverse society and appreciating the value of difference. We actively seek to challenge discrimination and we promote an anti-bullying stance which makes clear the unacceptability of discrimination and draws on advice issued in the Valuing All God's Children report (Autumn 2017)

1. Legal framework

We welcome our duties under the Equality Act 2010 to eliminate discrimination, advance equality of opportunity and foster good relations in relation to protected characteristics listed in the act.

We welcome our duty under the Education and Inspections Act 2006 to promote community cohesion.

We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

2. Guiding principles

Over Millennia Christian faith has pioneered equality as Jesus was radical in His welcome of all. So our approach to equality is based on the following key principles:

Everyone is equal, as we are known and loved by God unconditionally.

We see all members of our school community as equal and have due regard to the protected characteristics of:

- age
- disability
- ethnicity, culture, national origin or national status
- marriage and civil partnership
- gender or gender identity
- religion or belief
- sexual identity
- pregnancy and maternity

We recognise and respect difference.

Treating people equally does not necessarily involve treating them all the same. Our policies, procedures and activities must not discriminate but must nevertheless take account of differences of life-experience, outlook and background, and in the kinds of barrier and disadvantage which people may face, in relation to protected characteristics.

We observe good equalities practice in staff recruitment, retention and development.

We ensure that policies and procedures should benefit all employees and potential employees, for example in recruitment and promotion, and in continuing professional development. We recognise that certain roles in school will have genuine occupational requirement (GOR) for the post holder to be a practising Christian and ensure effective assessments of each role are carried out to establish whether a GOR applies.

We aim to reduce and remove inequalities and barriers that already exist.

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist

Society as a whole should benefit.

We intend that our policies and activities should foster greater social cohesion and greater participation in public life of those with protected characteristics.
