25th September 2020

Dear Parents/Carers,

Thank you

Thank you for following our whole school risk assessment and protocols, which can be found on our school website under the Covid-19 tab. I understand it can be difficult if your child is sent home from school because they are ill or showing potential symptoms of Covid-19. However, because everyone has shown patience and followed our guidance we have continued to be able to keep the children safe and educate them in school. I am so proud to be the headteacher of a school where all parents and staff are working together to help keep all the children safe and well whilst continuing with their learning.

Blended/Remote Learning

As a school we continue to be committed to supporting our children learn within their home.

Therefore if your child is:

- **self-isolating and is well**, you will be sent, via the class email, personalised home learning in order to help prevent gaps in your child's education;
- **ill**, no work will be sent home as it is important that your child has the opportunity to rest and recuperate;
- **starts to feel well during a time of self isolation**, please let your child's teacher know via email so they can begin to send home personalised learning;
- **well and not self-isolating**, they should be attending school.

As an outstanding school we are always striving to improve our practice. This term we have been working together to enhance our blended and remote learning. Developments will be shared with you when they are fully embedded.

Meet and Greet the Staff Team

On Tuesday 29th September you will receive a Meet and Greet video clip via the class email. This video will introduce you to your child's teacher, staff team and classroom. Please take the time to watch the video which also explains how you can arrange a time to speak to your child's teacher.

Annual Reviews

To help your child achieve their Personalised Education and Health Care outcomes we will be continuing to hold annual reviews. However, following our whole school risk assessment to reduce visitors into school and to ensure social distancing annual reviews will, where possible, take place virtually. More information to follow.

Yours sincerely,

Catherine Dellow
Headteacher
