Dear Parents and Carers

I am sorry for the delay in writing to you but I have been unwell. However, I would like to welcome the children back either to school or to 'Google Classroom'.

I hope all our families are keeping well and anyone who is sick makes a speedy and full recovery. Our prayers and thoughts are with any family who has lost a family member. These are such difficult times and we must pray and hope for an end to this terrible pandemic.

I would like to say well done to all the children, staff and parents for the work going on with remote learning as well as all the pupils working hard in school. I am aware of how hard it is for parents and carers to support children at home as well as carry out their own job. The staff are doing their very best to ensure the pupils are following the spring curriculum, they are marking work and keeping in contact with the children. We know that this situation will continue to at least February half term although I suspect it may be even longer. The school website has information for parents and carers about the school's offer of remote learning.

The Federation is following all government and DfE advice to make sure our pupils are receiving the best possible offer. These are unprecedented times and we must do our best to keep safe. I wish our children and families all the best for 2021 and pray for a brighter and safer future.

Yours sincerely
