

In Nursery 2, we aim to create a welcoming, stimulating environment, which can buzz with excitement and is where we can grow and learn together, building firm foundations for lifelong learning.

We work together in partnership with staff, children and parents to form excellent relationships and meet the needs and potential of each and every child.

We provide a safe place where everyone feels secure, valued and respected.

Our children learn through play and through child-initiated opportunities. These opportunities engage and inspire our children ensuring they are happy, independent and reflective learners.

Children learn in a fun way so that they develop a real love for learning, and so become caring, resilient, enthusiastic and wondering learners!
