

Parent Information Sheet – Wednesday 26th May 2021

Attendance

Our target for the academic year is **95.7%**. Look at the graph above to see how your child’s class is performing. Congratulations to class 10 who achieved 100% attendance last week. In total, 12 classes attendance was above our target of 95.7%.

School Photographs

Your child should have brought home a card from school regarding their photograph. This enables you to order pictures on-line. If they did not bring home a card, please contact the school office who will be able to provide you with the reference code.

Half-Term

Please remember that school closes on Thursday 27th May for half-term and will reopen on Tuesday 8th June.

Congratulations

All of our staff continue to learn alongside our pupils and it is important that we celebrate their success. Mr Davies has recently become a Global Minecraft Mentor and is one of only 50 educators worldwide to achieve the award. This is an incredible achievement!

Mrs Williams and Miss Price completed their TIUSK training last week as part of our commitment to pupil wellbeing and are now qualified to deliver the intervention programme. Congratulations to them both.

Non-Uniform Day

Thursday 27th May will be a non-uniform day for staff and pupils. The school council have suggested a donation of £1. The school council are currently raising funds to purchase new equipment for the playground and all money raised will be added to their bank account.

Thank you

As we reach the midpoint of the summer term, I wanted to express my thanks on behalf of everyone at the school for your continued support through these difficult times. I wish you all a happy and relaxing half-term break and hope that the sun will shine for us all. Please take care and stay safe.

RSE Guidance

The draft RSE guidance and code is out for consultation. It is important that all parents have the opportunity to give their views on the guidance. Please ensure you respond by 16th July 2021 at the latest. A link to the guidance document is below:

Healthy Eating

I received the letter below from some pupils in Year 3 yesterday. I am absolutely blown away by their use of persuasive language and vocabulary choices. Please support these young ladies with their suggestions. Choosing healthy snacks at break time is extremely important to the development of the mind and the body.

Monday 24th May

Dear Mr George,

We are writing to express our concerns about the lack of children eating healthy snacks during breaktime. I urge you to encourage parents to provide healthy snacks to their children by including it in the weekly newsletter for all the parents to see. Don't you want all your pupils healthy?

Firstly, children would be much happier and healthier if they eat healthy. They will feel more energetic, active and adventurous. Did you know healthy eating gets you in a better mood and increases memory?

Secondly, a healthy diet really fuels the brain, making children more likely to focus easily and perform better in school.

I strongly believe healthy eating is amazing for the body - junction as our topic is healthy bodies, healthy mind, so for my reasons please put it on the weekly newsletter. Please do it not just for Class 11 but for the school! We must start being a healthier school now!

Yours sincerely,

Hope, Ava and Amelia

From Class 11 Year 3

Mr C George
Headteacher

Mr G Jones
Chair of School Governors
