## **Environmental Policy**

The Staffordshire Schools Multi Academy Trust is committed to the protection of the environment through reducing pollution, emissions and waste.

As part of the induction process, and through staff meetings and training, our staff will be informed about reducing the use of raw materials, supplies and energy.

We raise the children's awareness of environmental issues through discussions, projects and day-to-day activities within the Trust.

We appoint 'eco monitors', and award a weekly prize to the most eco friendly class. At the end of the year, the class which has won the most prizes is named the winner.

Children and staff follow the Trust's 'eco code':

- We switch off lights when not in use and fit the lights with energy saving bulbs where possible.
- We turn off electrical equipment at the power source when not in use.
- We turn off taps after use and do not waste water.
- We do not drop litter.
