

Maths

We will begin to look at using the column method for Addition and Subtraction. We will then move onto multiplication and division, where we will times and divide using 2-digit numbers. Finally, we will move onto, which will involve adding and subtracting amounts.

Science:

We will be studying Plants.

We will be looking at the parts and features of different plants, completing a water study and exploring what plants need to grow.

English

This term in English we will be basing our writing on a selection of Beatrix Potter tales including Peter Rabbit and Jemima Puddleduck. We will be writing instructions and our own stories of when Jemima came to Rodbourne Cheney. We will also look at characterisation of character and settings.

Art

We will be looking at the illustrations in the Beatrix Potter collection focusing on colour and observational drawing. We will also look at Andy Goldsworthy art.

Term 4 – Author Study: Beatrix Potter

Design and Technology

.

RE

What is 'good' about Good Friday?

Values

Our values this term are appreciation and love.

PE

This term we will be learning to play the sport tennis, practising all of our team skills.

PSHE

Our topic will be healthy me. We will explore how we can stay healthy and the importance of healthy lifestyles.

Geography

We will be focusing on the Lake District and comparing this to the Alps in France. We will continue to practise our map skills.

Computing and Online Safety

This term we will be learning about Data and information. The children will develop their understanding of what a branching database is and how to create one.

Music

Ukulele lessons with DJ will continue every Tuesday.
