

Maths

Our skills will be as follows:
- Multiplication and Division: written methods of calculation including regrouping.
- Geometry: properties of shapes identifying different angles.

Science

Our Science topic this term is Living Things and their Habitats. We will be investigating animal species and how they are grouped and classified. We will also be learning how to record our findings using Data

English

Our class texts for writing will be 'The Lost Happy Endings' (inspiration for retelling a story) and 'After the Fall' (inspiration for a persuasive speech) During writing lessons, we will be revising and learning grammatical terms including descriptions, expanded noun phrases, personification, similes, and persuasive language.

Geography

In geography, we will be learning about Wiltshire. Identify human and physical characteristics, key topographical features, and land-use patterns, using maps and local studies. Asking, how these aspects have changed over time?

Term 4 – Wiltshire: A local study!

An author's study: Michael Morpurgo – The Butterfly Lion.

Art

We will build on and develop our previous sketching and colour mixing skills to study butterflies using different mediums.

RE

Religion: Christianity.
Theme: Easter.
Question: Is forgiveness always possible for Christians?

PE

We will be focusing on Specific Sports – Dodgeball on Fridays and Kwik Cricket on Mondays

PSHE

Our focus will be 'Healthy Me'. We will look at mind and body health.

Computing

E-safety: Health, Well-being, and Lifestyle focus. Data Logging will allow us to develop our skills in creating and reviewing data.

Music

The focuses this term will be structure and beat.
