

Maths

Our skills will be as follows:

- **Decimals:** counting in tenths and hundredths, dividing one-digit and two-digit numbers by 10 and 100, ordering decimal numbers and relating decimals to money.
- **Fractions:** Adding and subtracting fractions with the same denominator, calculating unit and non-unit fractions of amounts using and finding equivalent fractions and knowing decimals for a quarter, a half and three quarters.

Science

Our Science topic this term is Electricity. We will be investigating and experimenting with simple circuits before adding switches. We will test a variety of materials within the circuits to identify insulators and conductors. We will create diagrams of circuits and record our results.

English

Our class text in English will be 'The Rhythm of the Rain'. During English we will be revising and learning grammatical terms including paragraphs, subordinate clauses, fronted adverbials, and direct speech. We will write a range of text types including diary entries, descriptions, newspaper reports and a story.

Art/DT

Art - exploring different applications of oil paints with palette knives to create landscapes inspired by John Constable.

DT - Design a vessel with lights.

RE

What is the best way for a Jew to show their commitment to God? We will learn about the rites of passage.

Geography

This term we will be discovering the River Thames and the River Seine. We will be using maps to identify the countries and capital cities related to these rivers. We will look at the human and physical features of the rivers and enhance our understanding of the water cycle. We will also visit the River Thames.

Term 5 - Our Amazing World!

PE

Our focus in PE this term is team sports.

PSHE

We follow JIGSAW in PSHE. Our focus will be 'Relationships'.

History

Linking to the River Thames and River Seine, we will look at how they have changed over time.

Computing

In E-safety, we will be learning about what it means to have an Online Relationships. In computing, we will be learning about photo editing. We will change and compose images then touch them up before understanding fake images.

Music

The children will learn about beat and develop their own compositions.
