

Rodbourne Cheney Primary School & Nursery

Starting and finishing nursery

In the morning...

We start nursery at 8.30am and come into our classrooms through the nursery door where our teachers are waiting to say hello. Some children stay for lunch and others go home at 11:30am.

In the afternoon...

We finish nursery at 3.15pm most days and at 2pm on a Friday. We get our bags, water bottles and coats and are collected from our classroom. Some children will be arriving at 12:00pm while others stay all day.

This is where we hang our coats and bags.

We put our water bottles in the classroom. They need to have our name on them so we know which is ours.

We need to bring a bag with spare clothes, a coat and a water bottle to nursery every day.

Our classrooms

This is where we play, learn and have fun...

There is so much for us to do...

Our playground

At nursery, we have our own playground with our own climbing frame. There are lots of things to do in our playground...

Our toilets

This is where we go to the toilet and wash and dry our hands.

Snack and lunchtime

In the mornings and afternoons, we have a snack and a drink. Some of us have our lunch at nursery too.

Our learning

Tapestry...

We are so proud of what we do at nursery and we love it when our grown ups can see too. Sometimes our teachers take photos of us and the things we do at nursery to share on Tapestry with our grown ups.

Our grown ups can also share things we do at home with our teachers.
