

Sports Premium Rodbourne Cheney Primary School 2020-2021

The government provides additional funding to improve provision of physical education (PE) and sport in primary schools. This funding – provided jointly by the Departments for Education, Health and Culture, Media and Sport – will be allocated directly to schools to be spent **solely** on improving the quality and provision of sport and PE for all their children. This funding is ring-fenced and therefore can **only** be spent on provision for PE and sport in schools.

Possible uses for the funding might include:

- hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE
- supporting and engaging the least active children through new or additional Change4Life clubs
- paying for professional development opportunities for teachers in PE and sport
- providing cover to release primary teachers for professional development in PE and sport
- running sport competitions, or increasing pupils' participation in the School Games
- buying quality assured professional development modules or materials for PE and sport
- providing places for pupils on after school sports clubs and holiday clubs
- pooling the additional funding with that of other local schools.

HOW WILL RODBOURNE CHENEY PRIMARY SCHOOL BE ALLOCATING THE FUNDING THIS YEAR?

For 2020-2021 we have been allocated £18290

We are using approximately 25% of the funds (£4537), within our Federation of schools, to pay for the part employment of a PE specialist from a secondary school within the White Horse Federation to work with us every other term.

- They are providing professional development opportunities for teachers using the new PE curriculum, including, gym skills, swimming, and outdoor and adventurous activities.
- They are running inter and intra schools' sports competitions for KS1 and KS2

Swimming Sessions

This year, we will be continuing on improving our swimming provision for our children through support of our WHF secondary specialists. This will mean that children will have improved and longer swimming sessions and therefore will be more confident and competent swimmers. Teachers and support staff will also be trained to support the swimming sessions. These sessions will be for our Year 4 and Year 6 pupils.

In addition, our partnership with WHF secondary PE specialists will ensure that our teacher's confidence at Rodbourne Cheney in delivering PE will grow and develop, and also enhance their teaching skills and strategies for implementation of Quality First PE sessions.

We are using approximately 20% (£3630) of the funds:

- To develop children's dance, yoga and gym skills within our school with a specialist dance teacher who will work with **all** year groups throughout the year on Monday-Tuesday

Sports Premium
Rodbourne Cheney Primary School 2020-2021

- Develop a dance elite team for boys and girls in Upper KS2 where they can compete and perform at a local and national level. This will include transport to competitions for children and reduced cost for parents.
- Support, develop and enhance children's enjoyment of dance.
- Develop children's technical dance ability in a range of dance genres, including street, hip-hop and contemporary dance
- Provide performing opportunities across the year groups

This will ensure that all children are given the opportunity to develop their dance skills, widen their understanding of genres, and develop their confidence in performing and competing at a national level. It will also ensure that teachers develop their own skill set for the teaching of dance, gym and tumbling skills.

We will use just over a further 25% (£5050) of the funding to develop PE skills throughout the school.

Football

- Selected staff will receive effective and quality coaching from Swindon Town in the Community Football Club (Swindon Town Football Club), plus provide whole staff training sessions by our independent coach on football and ball skills
- An independent football coach to support the training of our new elite football teams alongside our PE lead.
- Develop a year 5 and 6 football team, and other year groups where possible, so that they will be competing in Swindon league. This will ensure that they have competition opportunities, develop confident football skills, alongside developing sportsmanship and pride in being a member of our teams.

Bike Lessons

- We will provide biking lessons for all of our Reception and Year 1 children so that they gain confidence in riding bicycles, including balance bikes for Reception children, and improve the gross motor skills as well.

Ice-skating

- We will subsidise ice-skating lessons for Year 3 pupils.

We will use approximately 15% (£2650) to:

- Develop 'Sports Week' so that children participate in a variety of sports
- To support after school clubs so that children have access to a range of sporting opportunities
- Run Parent and Child active sessions
- Provide selected children with places on sports clubs

Sports Premium
Rodbourne Cheney Primary School 2020-2021

We will use approximately 15% (£2423) to:

- Provide bikes and scooters for our EYFS area
- Provide physical play equipment for lunch times

We will use any remaining money to:

- Provide release cover for staff to allow children to attend competitions
