Home discussion question

Stan asked...
What is the kindest thing you have done this week?

What a successful week we have had! It's been great to see so much learning going on and the beautiful work that children have produced. What has really pleased me this week has been the lovely feedback children have given to one another about the work shared via Teams. At a time like this, kindness is more important than ever and our children have shown it in abundance. I am so very proud of our Roseberry family. Staff, children and grown ups at home have risen to the challenge of home learning with great outcomes! Three cheers for Roseberry!

Mrs Channing

Class Photos

We were really lucky that we had our class photographs taken just before lockdown! The photos are now ready for you to view and order online, straight from the photographer.

Visit www.ordermyphotos.co.uk and enter the image reference code for your child's class, which you should have received via text.

This will allow you to view and order your photographs. Please note there are two images related to each class reference code. If you have any queries, please contact the photographer directly and not our school office staff - thank you!

Ross and his riddles!

Ross has been setting brain teasers for the children in his class and, I must admit, they've certainly made me think! I thought I'd set a few for you to think about over the weekend...

What gets wetter the more it dries?

What will go up a chimney down but not down a chimney up?

Although we are now using Microsoft Teams to set learning activities for children to complete, we are still using our website blog pages to celebrate the fabulous work that children produce. I am also updating my blog with assemblies and useful information.

Free School Meals - if you're eligible, you have a right to claim them!

Please make sure that you check to see whether you are eligible to claim Free School Meals for your child. The eligibility criteria for free school meals can be found on: <https://www.gov.uk/apply-free-school-meals>

Why not sing *Roseberry Can Do It* for your family today? You'll find a video on my blog page of our school family singing it. I wonder if your grown ups will join in?!

D.F Motors

Motor engineers Est 1965 A family business that cares

*Free pick up and delivery *Service and pre-MOT for all types of vehicle, including hybrid and electric cars
 *Approved auto-diagnosis centre *Ford and Peugeot parts always in stock *Specialists in VW, Audi and Skoda servicing

Sad news

It is with great sadness that I announce the passing of a valued member of the wider Roseberry family, following a long illness. Keith Richardson was a Governor at Roseberry for many years, offering advice and support, sharing his expertise in Health and Safety. He also gave his time selflessly for the people of our village in many ways. Our love is with his wife, Wendy, and their lovely daughters, Katie and Chloe at this difficult time.

As school is open for Key Workers' children, some staff are on a rota system. If they do not answer your messages straight away, or give swift feedback to children's work, it may be that they are working with children in school.

Thanks for your understanding.

There is an expectation that ALL children access learning, even though they are not in school. Please access Teams for your child's assignments. If you cannot access Teams, please call the office on 01642 722883 and they will arrange for your child's teacher to call you.

Remember, adults can now learn for free!

I was delighted to receive an email from a parent this week who has accessed and passed one of the free online learning courses available through the Skills Network, courtesy of the Enquire Learning Trust.

Remember, there is a range of courses that our Roseberry family adults may access for free!

Visit <https://enquire.theskillsnetwork.com/> for more information!

Times Tables Rockstars awards this week

Most improved accuracy - Will Speight

Most coins earned in a week - Daniel Lavender with 89401 coins (three times higher than second place!)

Most Improved speed - Hannah Brown
