On Monday, Mrs Murton and I delivered a presentation about the development of our curriculum to teachers and Teaching Assistants of Stokesley Secondary School. We will be working closely together to ensure that teachers know where children have come from in their learning journey and where they need to go next. We are excited by our plans to share professional expertise with one another and for Stokesley students to inspire our children by sharing their skills and talents. We are fortunate to have such a great relationship with our secondary colleagues and know that the work we do will benefit our children! Mrs Channing 😊

## Farewell texting service, hello email alerts!

We will soon be moving away from using Teachers2parents to send texts. Instead, we shall use notifications through the My Child At School app. If we send you a message, you will receive a notification on the MCAS app icon on your device (a little number in a circle will appear on the icon).

## Cake sale!

Thank you to everyone who provided and bought cakes for the RAFT cake sale today!

## Lunchtime Award

This week, our lunchtime award goes to Ella Pearson!

## Half Term Heroes

 This is a new award to celebrate children who have been exceptionally well behaved and hard working, setting a brilliant example for others to follow. One child from each class will be chosen every half term and they will each receive a certificate and a 'wand of wonder', kindly made by our talented Mr Murton! 

## Parents' and Carers' Evenings

Our next consultation evenings will be held from 3.30pm - 6.30pm via Teams.  
**21st and 22nd March: Miss Burley's class**  
**22nd and 23rd March: the rest of the school.**

From 28th February to 14th March, you will be able to **book your appointment time through the My Child At School app**. On the left hand side menu of your home page, you will see 'Parents evenings'. Click into there and you will see the appointment times available, choosing the one you would like for your child.

As we are using an online booking system there will be no letters sent out with reply slips to complete - we're saving the planet and time all in one go!

## Home discussion question

**Stan asked...**

**What is the most fascinating thing you learned during our Celebrating Cultures week?**

## Goodbye, Mrs Cordes!

Today we say thank you and farewell to Mrs Cordes, who has taught our lovely Year One children throughout this half term. The children have had lots of fun learning with her and we wish her well for the future! I know that Mrs Weyell (who will teach each Monday) and Miss Harmar (who will teach for the rest of the week) are looking forward to teaching Year One after the holiday and that they have planned some exciting lessons already!

## Act of Kindness

This week, this award goes to Frankie Livingstone for being a lovely friend!

### What has Toby seen this week?

Toby has LOVED seeing the work that children have produced during our Celebrating Cultures week. He saw children learning Bhangra dances on Monday and wagged his tail

to the music! He has had a good look at (and sniffed) the beautiful work on display in the lower school hall and has been amazed at how much children have learned! Why not visit our class blogs on our website to see what children have produced?!

### We love to hear your views!

Thank you to everyone who took the time to complete our brief survey last week. We have taken on board your wishes to receive updates regarding your children's attainment and are working with the Enquire Learning Trust to have children's termly assessments accessible on the My Child At School app. Our latest survey (a text with the link for this was sent out on Monday 14th Feb) asks for your views regarding the development of the enrichment aspect of our curriculum. We'd love to know your thoughts regarding the enrichment opportunities you feel children should have during their time at Roseberry and the skills they should learn, in addition to what they are taught through our curriculum. We also want to know if you have talents you could share with our children!

### Global Council Top Tip

Buying refills for things such as liquid soap often saves on buying more plastic containers, thus helping to save our planet!

### Important dates for your diary
