When I walk around school, I'm always delighted by the fabulous work that goes on in our classrooms day in, day out. Children are enthused by the exciting and engaging learning opportunities presented to them. The work that they produce is of superb quality! I think everyone deserves a lovely holiday and a well earned rest! Mrs Channing

RAFT Raffle

The RAFT raffle, held at the Pied Piper performances raised a whopping **£321!**
Thank you, folks!

Tik Tok Concerns

We have become increasingly concerned that children are creating 'Roseberry' Tik Tok accounts, posting pictures and videos of themselves for others to see. If your child has created a Roseberry account, please ask them to delete it. Please also ensure that you have oversight of what your child is posting online. We need to keep them safe from harm!

RAFT Teacher Treasure Hunt!
HUGE thanks to everyone who took part in our annual treasure hunt, and to RAFT for organizing it! We had great fun whilst raising **£132** for our school!

Act of Kindness

This week, our award goes to Lyra-Beth Simpson, Elsa Hornby, Hattie Moor and Alfie Bradshaw!

Lunchtime Award

This week, our lunchtime award goes to James Cole! What a star he is!

AMAZING performances!

Congratulations to everyone who made this week's Pied Piper performances fabulous! We were treated to exceptional talent and our Roseberry family feels very proud of everyone involved - children and adults, alike. Their hard work and commitment really paid off, resulting in brilliant acting and beautiful singing. It was so lovely to be able to welcome families back into school and we thank them for their support.

What has Toby seen this week?

Toby has been very impressed with the quality of work that has been produced and displayed during this half term. Our focus upon 'beautiful work' can be seen throughout the school in books and on walls. Well done, everyone!

A village visit!

On Wednesday, children from Nursery and Mrs Barker's class went on a walk around Great Ayton to learn about traffic signs. They had a lovely time! Thank you to the adults who volunteered their time to assist with supervision, and to the children for being little superstars!

UNITY

*I dreamed I stood in a studio
And watched two sculptors there,
The clay they used was a young
child's mind
And they finished it with care.*

*One was a teacher; the tools he used
Were books and music and art;
One a parent with a guiding hand
And a gentle and loving heart.*

*Day after day the teacher toiled
With a touch that was deft and sure
While the parent laboured by his side
And polished and smoothed it o'er.*

*And when at last their task was done
They were proud of what they had
wrought,
For the things they had moulded into
the child
Could neither be sold nor bought.*

*And each agreed he would have
failed
If he had worked alone.
For behind the parent stood the
school
And behind the school, the home.*

Updated Covid guidance

As you know, Covid restrictions have been lifted. However, we still need your support to keep everyone safe and well. On 1st April national COVID-19 education guidance changed and we now follow guidance from UK Health Security Agency's 'Health protection in schools and other childcare facilities' document. It states:

Children with respiratory infections can experience a range of symptoms including a runny nose, high temperature, cough and sore throat. It is not possible to tell which germ someone is infected with based on symptoms alone.

Respiratory infections can spread easily between people. Sneezing, coughing, singing and talking may spread respiratory droplets from an infected person to someone close by.

Droplets from the mouth or nose may also contaminate hands, eating and drinking utensils, toys or other items and spread to those who may use or touch them, particularly if they then touch their nose or mouth.

Children with mild symptoms such as a runny nose, sore throat, or mild cough, who are otherwise well, can continue to attend their education or childcare setting.

Children and young people who are unwell and have a high temperature should stay at home and where possible avoid contact with other people. They can go back to education or childcare setting when they no longer have a high temperature and they are well enough.

If a child or young person has a positive COVID-19 test result they should try to stay at home and where possible avoid contact with other people for 3 days after the day they took the test. The risk of passing the infection on to others is much lower after 3 days, if they feel well and do not have a high temperature.

Children and young people who usually attend an education or childcare setting and who live with someone who has a positive COVID-19 test result should continue to attend as normal.
