 All of Y6 for a brilliant week (at East Barnby and in school!)

I have seen some super learning going on in school this week - well done, everyone! It was lovely to see Roseberry and Marwood Year Two children joining together for an after school play date on Wednesday. It was also great to share information about life in Year Three with parents of Year Two children as part of our transition process. I feel so proud that we have such brilliant relationships with parents! Mrs Channing 😊

## Act of Kindness

This week our Act of Kindness award goes to Will Sibly. He has been very kind, helping younger children to access the trim trail. What a superstar!

## Lunchtime Award

This week our lunchtime award goes to Daniel Lavender.

## What has Toby seen this week?

Toby watched out of the window with interest on Monday morning as many of our Y6 children excitedly boarded the bus to go to East Barnby for their residential activity week.

They had an AMAZING time! We would like to offer HUGE thanks to Mr and Mrs Murton, Mrs Barker and Mrs Sellers for giving their time and energy to make this visit a success. I know that many great memories were made this week!

In a world where you can be anything, be kind. ❤️

Today we celebrated the following children's achievements:

Jocelyn Thomas and Ella Pearson: Total Warrior  
 Max Bennett: First Holy Communion  
 Ted Herman and Danny Maylard: Football

## Home discussion question

### Stan asked...

Is it okay to throw rubbish on the floor if you can't find a bin whilst out playing?

**'KEEP OUR SEAS PLASTIC FREE!'**

**Have you seen our bottle top art installation?**

Did you know?

381 million tonnes of plastic waste is produced in the world every year? This is set to DOUBLE by 2034.

This is the same as 3,175 ocean liners or 30 million double decker buses!

At least 14 million tonnes of this plastic waste ends up in the ocean every year.

To raise awareness of these horrifying statistics, the Global Council decided to involve the whole school in the production of a piece of installation art.

Every child was asked to collect plastic bottle tops from home, during a two month period, and bring them into school. The amount collected was staggering, but worryingly it was probably not a true reflection of how many could have been brought in.

Over the course of our Environment Day in March ALL of the children in school helped to produce our Art Installation. The board measures 8'x4' and, as you can see, is full of bottle tops. There is also a bag of tops that would not fit onto the board. Just think, the amount you can see represents only 2 months. Imagine what a year would look like!

The aim of the piece is to make people think about how much plastic they use. Could they reduce this amount? Could they find alternatives that do not involve plastic?

To avoid a future climate catastrophe we all need to:

**REDUCE – RECYCLE - REUSE**

**Clubs**

**A new club is coming!**

In September, a Karate Club will be available for children from Y2 to Y6.

This will be run by JS Karate Academy and will cost £5 per session. Sessions will run every Thursday from 3.10pm - 4.10pm (with Y2 children looked after from 3pm - 3.10pm).

Letters will be sent home during the first week of the new academic year.

Please remember not to bring in balls from home, children.

We will supply play equipment for you!

Thank you to everyone who parked with care this week. We're working together to keep our children safe.
