Thank you to everyone who made our Summer Fair such a success!

There was a lot of hard work that went on behind the scenes to ensure the event ran smoothly. Thank you to RAFT members for their amazing planning and organisation and to staff and volunteers (including ex pupils, Tarna Thompson and Ryan Hagan, along with Harry Thornton in Y5) who set up and managed stalls. Huge thanks also goes to everyone who came along to spend their money! All of the money raised through the sponsored event and Summer Fair will be used to pay for the extra treats and enrichment opportunities that our school budget cannot fund.

What a fabulous Roseberry family we have!

Mrs Channing 😊

Plastic, plastic everywhere!

This photo shows the number of plastic bottles Miss Tucker has salvaged from our classroom bins this term, mostly from Years Five and Six. Not only is this a massive environmental concern, but the impact on children's health should also be considered - most of these bottles once contained flavoured water which is full of sugar and/or Aspartame. We have a number of reclaimed, clean water bottles that need new homes! If your child needs a reusable water bottle, please see Miss Tucker!

What does the saying

'Don't judge a book by its cover' mean?

Please remember to wear sun cream when it's hot and sunny, folks!

Please look both ways when you cross the road, children! You are very precious.

Don't touch the birds!

Cases of Bird Flu are on the rise. Sadly this has resulted in people finding more dead wild birds in the environment than usual. We have found some dead birds on the edge of the school field and have reported these cases to the Department for Environment, Food and Rural Affairs (DEFRA), as reporting will help them to understand how diseases are spreading. You may report dead wild birds by phoning 03459 33 55 77 (there may be call charges). You may also visit the DERFA website to report cases online. When you make a report, you will be asked the following:

- where you found the dead birds
- what type of dead birds you found
- how many dead birds you found
- your contact details - please ensure that it is only over 18s that make a report

When you report dead wild birds they may be collected and tested for bird flu or other cause of death. However, not all dead wild birds will be collected. You may also report small numbers of dead garden birds to Garden Wildlife Health.

Disposing of small numbers of dead garden birds found at your home

If you find small numbers of dead garden birds at your home (domestic residential properties only) you can dispose of them in your household or municipal waste bin, or you can bury them.

If you dispose of a dead wild bird with your household or municipal waste, you should:

- Pick it up wearing disposable gloves or a plastic bag over your hand.
- Put the bird in a plastic bag and tie it. Make sure the bird does not touch the outside of the bag.
- Put the bird in a second (preferably leak proof) plastic bag, along with the gloves or plastic bag you used to pick it up and tie it. Take care not to touch the outside of the gloves with bare hands.
- Put it in your outside household or municipal waste bin.
- Wash your hands thoroughly with soap and water.
- If you bury a dead wild bird, you should dig a hole at least 60cm deep to stop animals digging it up. Do not bury it in a plastic bag (if you use a plastic bag to pick the bird up put it in your outside household or municipal waste bin). Do not bury it near any watercourses or in a place where it could contaminate local water supplies. Wash your hands thoroughly with soap and water when you've finished
