Enjoy Believe Achieve Inspiring Lifelong Learning

As you will appreciate, we are all saddened to hear that Mrs Channing has made the difficult decision to leave Roseberry Academy. She will be greatly missed by staff, children and parents alike. We look forward to her popping in so we can give her a proper farewell - Mrs Channing style! We would like to organise a farewell gift and will let you know how you may contribute to this very soon.

This week Nursery have been learning about night and day, they have created some fabulous starry sky pictures.

In EYFS they have been talking about the differences between day time and night time and talking about bedtime routines.

Year 1 have been learning about different types of materials and their properties this week. They then used what they have learned to make their own rockets choosing which materials would be best to use.

Years 1 and 2 have been showing great enthusiasm and dedication to learning the songs and speaking parts for the upcoming Christmas show 'Hey Ewe'. They're looking forward to performing to our school community next month.

Years 3 and 4 have had a brilliant week looking at the Stone Age. They went to Skinningrove Mining Museum where they handled artefacts and painted cave stories. They even had the opportunity to handle a real mammoths tooth!

Years 5 and 6 have been counting woodlice for science - where do they prefer to live? Most of them prefer rotting wood and leaves as this is their food, along with the fungi that grows there. However, Mr Moore's escaped!

Y6 children enjoyed a morning out at Crucial Crew to help them identify risks and think about how to respond safely to various scenarios.

*What is the most
precious thing
to you?*

RAFT REALLY NEEDS YOU!

RAFT do an amazing job every year fundraising so that your children can have extra enrichment resources and to ensure trips are more affordable. However, this does not all happen by magic and we need more volunteers. Some of the current committee are looking to step down at the end of the year and if we do not have new members, there will be no more RAFT... This will be incredibly sad because they are an essential part of the Roseberry family. Please help! If you think you would be able to help in any way, large or small, or you would like more information, please email RAFT on:

We are an Ogden Trust Partnership School!

We are collaborating with Stokesley School and Sixth Form's physics department on projects that enhance the teaching and learning of physics. Teachers will be having CPD with other members of the partnership - we have already participated in EYFS and received £150 worth of books and resources to enhance our curriculum. Next up will be KS2, with some training on electricity and more resources to come. In addition, KS3 and 4 children are being trained as Ambassadors who will be delivering science workshops with some of our children later in the year. Watch this space for more news!

After School Clubs

If you would like to run a club and are happy to have a DBS clearance check, please let Mrs Murton know! We'd love someone to run a football team for us!

Scooter safety

We have had a few reports of children scootering dangerously in the road. We don't want any accidents.

Scooter safely!

Communication is key!

Please remember that we communicate with parents through Microsoft Teams class pages and the My Child At School app. Setting up notifications on your device will ensure that you know when we have sent you a message. Messages range from informing you that your child has had a bumped head to a club being cancelled!
