

Toby, that's his name
There'll never be another dog quite the same
He's got style, he's got class
He is super cool
He's the gorgeous Toby, he's the dog of our school

When it comes to smartness he is smarter than smart
He has taken brilliance and made it an art
He is bright, he is wise, he is nobody's fool
He's the gorgeous Toby, he's the dog of our school

Toby, that's his name
There'll never be another dog quite the same
He's got style, he's got class
He is super cool
He's the gorgeous Toby, he's the dog of our school

If you want attainment, he is better than best,
Giving paw and sitting he knocks spots off the rest
Others whine, others woof, but Toby stays cool
He's the gorgeous Toby, he's the dog of our school

Toby, that's his name
There'll never be another dog quite the same
He's got style, he's got class
He is super cool
He's the gorgeous Toby, he's the dog of our school
