Half Term

25th May—29th May

Summer Term 2 2020

1st June—21st July

INSET DAYS

8th May

22nd May

HEADTEACHER MESSAGE

Most of you are all aware now we are closed to pupils until further notice. Thank you for letting us know if you are a critical worker and need our support to help with childcare. It's not too late to let us know if you are a critical worker and need support with childcare. Please send us an email and we will be in touch.

We are all aiming to keep ourselves safe. It is times like this that we must come together as a community. No family should feel alone at this time, if you need help or support please let us know. We will answer all emails as we will have a limited phone service. Government guidance is updated on a daily basis, we will keep you informed of any changes as soon as we are made aware of the next steps for schools.

The school office will have a limited service; email contact is the easiest way to communicate at the moment as staff that are working from home will be able to access messages and deal with any queries, admin@rusheygreen.lewisham.sch.uk

In order to get the message to the right person please put to the attention of:

Lisa Williams – Headteacher

Alecia Hughes – SENCO

Stacey McIntosh – Safeguarding lead

Ruth Pott-Negrine – Chair of Governors

Michael Grocock & Lisa Bogle—Deputy Headteacher

We are saddened that our Year 6 children will miss out on their last term with us. They have all worked incredibly hard and we are proud of what they have all achieved. For now we hope that they will continue with their studies and keep up all the good work they have achieved. We hope to see them all again soon.

On the school website we have posted a weekly timetable to give you some ideas of how to plan a day and week at home with the children, we hope you find this useful!

Finally, do keep your self safe and look after each other.

We look forward to seeing you all soon.

NURSERY

The Nursery children had fun taking part in an experiment to see what would happen when they poured

vinegar on to bicarbonate of soda (mixed with coloured ink). Alin asked "what will happen? will it make a big volcano?" The children were excited and amazed to see their cups frothing over with the mixture.

SCIENCE INVESTIGATION

The children in Year 4 carried out a science investigation to design a tin foil boat that would hold the greatest number of pennies. Theo Wills was the winner because his boat was designed well and he managed to hold 102 pennies on his boat before it sank. As you can see the children really enjoyed this learning and fun experiment.
