## SRI LANKA CLASS

It has been a busy first few weeks back in Sri Lanka Class. We have thoroughly enjoyed doing lots of practical activities now that we are back in the classroom. For English, we created our Iron Man to go with our class book.

In Science, we were investigating different effervescent reactions. We loved seeing which liquids and solids created enough gas for our balloons to blow up. We found out the best was the Vitamin c and water.

In ICT, we have also been learning to use google draw to make our own pictures, this was linked to our Science about the water cycle
