# CRY (Cardiac Risk in the Young) Screening

- ▶ Last year a non-uniform day donated to The Ben Hammond Trust Team Ben Hammond | Raising money for the charity CRY (Cardiac Risk in the Young) Here are some words from his family:
- ▶ In July 2016 15-year-old Ben Hammond from High Halden died from an undiagnosed heart condition. This was sudden, unexpected and there were no symptoms or warnings. Ben was fit, healthy and very active, he loved the outdoors and had a real passion for farming. It is difficult to believe that such an active teenage boy could die of a condition which showed absolutely no symptoms. We have learnt that on average 12 young people a week die from undiagnosed heart conditions. Many of these conditions can often be picked up by heart screening, but this service is not offered on the NHS.
- ▶ On 3rd and 4th February The Ben Hammond Trust have organised free CRY screening in Rye which is open to all students
- ▶ 1. Visit [www.testmyheart.org.uk/private/](http://www.testmyheart.org.uk/private/)
- ▶ 2. Find Rye-East Sussex listed for the 3rd and 4<sup>th</sup> February 2024. Click Register.
- ▶ 3. The password for this screening is TBH
- ▶ 4. Select a time slot and click 'register now'. (You can book up to 3 appointments at one time.)
- ▶ 5. Fill in the required details on the health questionnaire – this will take approximately 15 minutes.
- ▶ 6. Once the appointment is booked, you will receive a confirmation email; this will include a consent form.
- ▶ Please download the document, read carefully before completing and take it with you on the day.

# Equipment sanctions

- ▶ From **TODAY** the following sanctions will be in place:
- ▶ No pen = 30 minute detention - **this is NOT removable** if you bring a pen the next day!
- ▶ Incomplete set of equipment - 3 strikes = 30 minute detention
