

Rye College Policy

Policy Title:	Child Looked After (Formerly Looked After Children)
Leadership Responsibility:	Head of College / Executive Headteacher
Review Body:	Board of Trustees
Date:	May 2020
Review:	May 2021

Legal Framework

The term “looked after” was introduced by the Children Act 1989. This refers to a child who is either accommodated (whereby the local authority provides for the child on an agreed basis with the person who has parental responsibility) or is subject to a care order (whereby a court order grants shared parental responsibility to the local authority in order to protect and promote a child’s welfare). Children in both instances could be living with foster carers, in a residential unit, in a residential school, with relatives, or even with parents on a part or full time basis.

Furthermore, the term “looked after”, which is widely used in social services is synonymous with the term “in public care”, which has been adopted by the DfES in their publication, “The Education of Young People in Public Care”.

Following the implementation of the Children and Social Work Act 2017, schools and designated teachers also have responsibility for promoting the educational achievement of children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales. Consequently, for the purposes of this policy the term ‘children looked after’ includes children previously looked after as defined by the Children and Social Work Act 2017.

Objective

To promote the educational achievement and welfare of children looked after on the roll of the academy.

In support of this objective the academy will:

- Work alongside social workers to ensure that each child who is looked after has a current Personal Education Plan (PEP) in place;
- Provide a climate of acceptance and challenge negative stereotypes;
- Ensure all children who are looked after have the same opportunities to participate fully in the National Curriculum, careers guidance, extra-curricular activities, work experience, and enjoy the school experience fully in line with corporate parenting principles;
- Ensure discretion when addressing a child’s care status and ensure there is sensitivity to the background of children who are looked after, especially surrounding work on family;
- Ensure the designated teacher is provided with regular training, and that they cascade this training to school staff as appropriate;

- Seek to review all school policies regularly in the light of the local authority's Social Inclusion guidance, Special Educational Needs Legislation, and joint Department for Education/ Department of Health guidance on The Education Of Children And Young People In Public Care (Archived);
- Ensure that a clear protocol for sharing of information will be followed both within school and with outside agencies;
- Endeavour to support all looked after children educated in this school to achieve to their fullest possible academic potential.

Teachers - To ensure that the progress of students in public care is scrutinised and that ongoing progress is being made. Any concerns should be raised with the Designated Teacher as soon as possible.

Confidentiality and Data Protection

The Head of School and/or the Designated Teacher have responsibility for informing all teaching staff who are in contact with the child looked after of the care status.

In the absence of the usual class teacher, the **Director of Logistics** should make sure that any supply teacher is aware that there is a child in public care in their class. Where the absence is known in advance, the teacher writing their cover lesson should indicate this status with any appropriate notes.

As the academy's administrative office will be the initial contact of carers and other agencies with the academy, the academy's office staff will have knowledge of the student's care status.

It is appropriate for support staff to have knowledge that the student is being looked after when directly involved on the teaching of the student.

Other staff may need to know if there are particular concerns that require a whole-school approach.

In each case, the Head of School and the Designated Teacher will determine the extent of the information shared. In every case, only information that is critical to the working relationship will be passed on.

All processing and sharing of personal data of the child will be undertaken in accordance with data protection principles as detailed in the Trust's data protection policy.

Admission

Children who are looked after are a priority for admission as detailed in the academy's published admission criteria.

On admission, the student will meet with the Designated Teacher and/or their named member of staff. They will discuss any relevant issues, academic or pastoral, and ensure the student is made to feel comfortable at our academy. Records will be requested from the student's previous school and as soon as practicable after they are received a meeting will be held with the carer / parent, social worker, and other relevant professionals, and student as appropriate. This will provide information to inform the student's new personal education plan, and ensure that communication systems are established early.

The academy will seek clarification from the social worker as to who requires school reports and who may give permission for school trips or other such activities. In addition, any means of communication to aid the fluid exchange of information between statutory meetings will be discussed and agreed such as a home/school book to detail any sudden significant changes in a child's circumstances.

School Trips and Special Activities

Given the delays that looked after children experience in getting parental consent for school trips and activities, we will aim to ensure that children looked after enjoy the same extra-curricular opportunities as other children by reserving placements for them on trips or on activities.

Involvement with Parents and other Agencies

The academy recognises that support from home greatly assists a student's educational progress and aims to involve parents, carers and those with parental responsibility in an open and positive manner. The academy will maintain regular communication with the primary carer and will ensure that copies of reports are forwarded to the social worker in addition to the foster carer and parents as appropriate.

The academy recognises that multi-agency working is crucial to the support and progress of children in public care. The academy will work closely with other agencies involved in supporting the achievements and welfare of the student, particularly the social worker and will exchange significant information to appropriate personnel between reviews when necessary.

Complaints

If a young person, parent or social worker wishes to complain about the provision or policy, they should in the first instance raise it with the Designated Teacher, who will try to resolve the situation. Thereafter the academy's complaints policy must be followed.

Reviewing

This policy will be reviewed on an annual basis.
