# Student Bulletin

Creating Bright Futures for All

Through Life Transforming Learning

Theme of the week:  
Windrush Day

## Tutor Time this week

- ▶ Monday- Bulletin
  - ▶ Tuesday - Theme of the week
  - ▶ Wednesday - Wellbeing
  - ▶ Thursday - The great debate
  - ▶ Friday - Weekly quiz and acknowledgements
- 

A close-up photograph of wooden letter blocks on a wooden surface. The blocks are arranged to spell out the word 'JOB' in a wooden tray. The 'J' block has a subscript '8', the 'O' block has a subscript '1', and the 'B' block has a subscript '3'. Other blocks with letters like 'L', 'B', 'C', 'F', and 'N' are scattered around.

# Job of the week: Kitchen Assistant

**WE ARE  
EMPLOYABLE**

- ▶ Every week the bulletin will have a careers focus with a 'Job of the week'
- ▶ Each short video provides Labour Market Information (LMI) on a job that includes qualifications, salary, how to get there and what it entails
- ▶ [Kitchen assistant](#)

# Enrichment Week

- ▶ This week in tutor time you will be informed what your two allocated pathways are 😊
- ▶ You will attend the first pathway on Monday and Tuesday and the second pathway Wednesday and Thursday.
- ▶ Your tutor will provide you with the information so you know where to go to register.
- ▶ If you have paid for a trip your parents/carers will have received this information by email.
- ▶ If you are in the STEM pathway please bring an empty two litre drinks bottle to make a rocket with.

# Enrichment week pathway reminder

## STEM

The STEM pathway is the perfect choice for students who are interested in exploring the exciting world of Science, Technology, Engineering, and Mathematics.

Students will enjoy an exciting experience full of opportunities including:

- Designing, testing, tweaking, and racing rocket cars;
- Looking at the International Space Station and learning about the maths involved in keeping it operational;
- Calculating food portions for astronauts and participate in code-breaking activities;
- Making balloon and water rockets and racing them in a competition.

It's a chance to get hands-on with STEM activities and explore the fascinating world of space and beyond.

## Physical Education

The Physical pathway will be an opportunity for students to take part in practical activities and games which many would not have experienced before. We have looked far and wide to find sports which have origins in different countries with cultural links and historical ties.

Have you heard of some of the activities we will be offering?

- kabaddi;
- kinball;
- danish long ball;
- Teq ball.

We will also have a session on problem solving and team building using a variety of equipment on the field. Students of all practical abilities will have a part to play in developing game plans, strategies and tactics. All will have a focus on: team work, team building, leadership, resilience, problem solving and fun. A great physical day.

## Performing Arts

The Performing Arts pathway is an opportunity to take part in a number of Variety Show style performing groups combining any number of the following: performance poetry, music (instrumental and singing), drama and dance. If you select this pathway you can combine as many of the different performing arts to work in a group to put together a short performance, either of your own original devised work, or from existing dances, musicals or musicians.

This might include:

- Writing and performing your own performance poem;
- Acting out and/or singing and/or dancing in a scene or musical number from an existing musical;
- Taking part in solo or choral singing;
- Creating your own band to perform a song.

## Creative Arts

The Creative Arts pathway is an opportunity to take part in a number of group-based craft activities, and to work collectively together to host an art exhibition.

Students will enjoy working within a range of different creative mediums which might include:

- Designing pebble mandalas with acrylic paints;
- Making air-dry clay ornaments;
- Decorating glasswork;
- Creating custom magnets;
- Designing and screen printing canvas bags.

We hope to showcase our wares from the week via an exhibition and craft stall where students can sell their creations.

This will take place at our end of Enrichment Week event day on Friday 30th June.

# Behavior in the community

I would like to report very concerning student behaviour I was subjected to today. As I was driving through the Rye station car park there were at least 20 students (all in uniform except a couple) crowding across the road, and they would not move to allow me to drive my car through. 1 girl (in uniform) proceeded to give me the finger, and another boy (not in uniform) walked in front of my car, shouted at me and then moved to the side. As I drove through slowly through the crowd of students, he then punched my car window, luckily with no damage to my car. It does concern me that this could damage the reputation of the college and student body in Rye.

Well, I must report that - although the platform and the three-car train were both seriously crowded - your students were a model of good citizenship. Pretty smartly dressed, for a hot day. A bit of noise (we can live with). Not a single expletive or obscenity. Several of them consciously stood aside to let us board the train first when it arrived. No dash for seats, and very civilised conduct during the journey. At least one young lady specifically sought out the train conductor, to buy a ticket. Your pupils were a total credit to Rye Academy. Do let them know. And thank you.
