

Maths Meeting - Fluency

Year 3

10	20	30	40	50	60	70	80	90	100
110	120	130	140	150	160	170	180	190	200
210	220	230	240	250	260	270	280	290	300
310	320	330	340	350	360	370	380	390	400
410	420	430	440	450	460	470	480	490	500

- Count in multiples of 10. What do you notice when you get to the end of each row?
- Choose a number and say how many tens it is made from.
- Repeat several times.

Year 4

100	200	300	400	500	600	700	800	900	1,000
1,100	1,200	1,300	1,400	1,500	1,600	1,700	1,800	1,900	2,000
2,100	2,200	2,300	2,400	2,500	2,600	2,700	2,800	2,900	3,000
3,100	3,200	3,300	3,400	3,500	3,600	3,700	3,800	3,900	4,000
4,100	4,200	4,300	4,400	4,500	4,600	4,700	4,800	4,900	5,000

- Count in multiples of 100. What do you notice when you get to the end of each row?
- Choose a number and say how many hundreds it is made from.

Maths Meeting - Reasoning/Problem-Solving

Year 3

5 3 0

What 2 digit numbers can you make out of these digits?

What is the smallest number you can make?

What is the greatest number you can make?

Year 4

4 1 0 6

What 3 digit numbers can you make out of these digits?

What is the smallest number you can make?

What is the greatest number you can make?

Maths Meeting - Pre-Teaching

Year 3

5 3 2 0

What 3 digit numbers can you make out of these digits?

What is the smallest number you can make?

What is the greatest number you can make?

Year 4

4 1 2 0 6

What 4 digit numbers can you make out of these digits?

What is the smallest number you can make?

What is the greatest number you can make?
