

# Sacred Heart School

**'EXCELLENT IN ALL AREAS'**  
ISI INSPECTION MAY 2013

6<sup>th</sup> September 2021

Dear Parents

**re: Mathletics**

In Year One, we will continue to use Mathletics, which, as you have already experienced, is a fun, targeted, rewarding and captivating online learning resource, which is aligned to the Maths curriculum standards.

Every Wednesday, starting 15<sup>th</sup> September, your child will be set one short task, usually related to what we are learning in Maths at school. To access the tasks, your child can use the same login they were given in Reception.

As you will remember, access to the games or any previous tasks, will only be given once that week's set task has been completed. The deadline for finishing the tasks is Monday morning 8.30am.

May I kindly encourage you to pace your child and ask them not to run ahead and only do the task set, to prevent them from having to repeat exercises they have already attempted.

I trust you are all well-versed in using Mathletics. However, should you have any problem logging in or any other question regarding Mathletics, please let me know.

I wish you and your child lots of Maths fun!  
Thank you very much for your support.

Yours sincerely

Veerle Griffiths  
Year 1 Teacher
