

NEWSLETTER NO.7 AUTUMN TERM – 06 NOV 2020

MISSION IN ACTION AWARDS
LOVE, LEARN, GROW, WORSHIP

RECEPTION	Millie	LEARN: For doing a fabulous job at remembering and confidently saying their Nativity lines
	Edie	
	Imogen	LEARN & GROW: For trying really hard with her letter shapes and for her super news writing
YEAR 1	Teddy	LEARN: For great enthusiasm in all his learning
	Rowland	LEARN: For great contributions to the History lesson and for excellent reading.
	Liam	LEARN: For great writing about 'Harvey's Present' and valuable contributions to all the topic lesson.
YEAR 2	Iris	LOVE: For gentleness: Iris is quietly gentle and kind in everything she does
	Ariana	LOVE: For being a peacemaker: Ariana is always kind and thoughtful to others
	Isaac	LOVE: For kindness: Isaac has made a huge effort to put others before himself this week
YEAR 3	Lorenzo	LEARN: For absolutely amazing work with measurement in Maths
YEAR 4	Stella	LOVE: For her positive approach to learning and her excellent manners.
	Myles	GROW: For working hard each week to learn his spelling words
YEAR 5	Whole Class	LEARN: For fantastic solar system posters and Indus Valley projects
	Laila	GROW: For settling in so well to Sacred Heart School
YEAR 6	Lewis	LEARN: For his great practical problem-solving idea that helped people in the class.
FRIENDSHIP	Vanessa (Y4)	For always being very patient and kind to all of her peers
	Aaron (Y5)	For always looking out for each other
	Felix MC (Y5)	
	Felicity (Y2)	For being a very kind friend at playtimes

CAFOD HARVEST COLLECTION

Thank you for all those who contributed Harvest gifts during October. Food banks in Tunbridge Wells and Seaford/Newhaven were very appreciate of your food donations and your generous offerings totalling **£231.25** for CAFOD will make a big difference to families around the world.

PTA ONLINE AUCTION

Our online auction went live on Monday morning at 9am. There are many wonderful auction lots this year and the event will run until 10pm on 11th December. Keep looking as we will be adding new lots throughout this time to add to the excitement. <https://www.jumblebee.co.uk/sacredheartchristmasauction>

PTA CHRISTMAS DECORATION COMPETITION

Your child will bring home a special envelope with details of this PTA competition. We look forward to seeing your entries decorating the School Christmas tree!

Another busy and exciting week at Sacred Heart School where learning is fun!

Nursery

This week Nursery children have been learning about fire safety and fireworks. We have listened to firework noises, we made edible sparklers, explored numbers in glitter, built rockets and enjoyed the fire engine small world play.

Key policies are available via the school website or on request from the school.

Year 1

In English the children have enjoyed discovering what was in Billy's Bucket and they saw some very interesting creatures. They used adjectives to describe them carefully so we could imagine exactly what they saw!

- 'I can see a sea lion, brown and furry. It swims in the blue ocean.' (Hattie)
- 'I can see a dangerous walrus. Beware it does not bite you! My walrus is scary!' (Otilie)
- 'I can see a shiny, slithering octopus. Be good or it might tangle you but it is friendly.' (Liam)

Lots of colour in Maths as Year 1 learnt about symmetry and 2-D shapes. They drew both symmetrical and asymmetrical bugs and butterflies. Beautiful work! They then moved on to learning about 2-D shapes, colouring in a dragon and designing their own colourful 2-D pictures, tracing 2-D shapes.

Year 4

During the half term break, Year 4 worked very hard making some brilliant model volcanoes. Everyone was so impressed with the children's creativity: as well as volcanoes, we had trees, boulders, a glitter eruption and even a sparkler!

On Wednesday, we had lots of fun watching the volcanoes erupt.... we added a mixture of bicarbonate of soda and vinegar to create spectacular eruptions and we even added in a mento or two for good measure! Well done, Year 4! You should be very proud of your fantastic volcanoes 🌋

Key policies are available via the school website or on request from the school.

Year 5

This term Year 5 have been learning all about the solar system, different theories about the solar system and how these developed over time. At first scientists believed that the solar system followed a Geocentric model, with the Earth at the centre and all the planets and the sun orbiting around the Earth. Copernicus and then Galileo were later able to prove that in fact the Solar system is Heliocentric, with the Sun at the centre and all the planets orbiting around the Sun. As a half-term project, the children all made posters to demonstrate the two different ideas about the solar system and explain how they differ. Their posters were all beautifully completed and clearly show and explain the two different systems. Their work has now created a fantastic display in the corridor outside Year 5.
