Malpractice policy (exams) 2025/26

This plan is reviewed annually to ensure compliance with current regulations

Approved/reviewed by	
E C Lever/R S Rongong	
Date of next review	October 2026

Introduction

What is malpractice and maladministration?

'Malpractice' and 'maladministration' are related concepts, the common theme being that they involve a failure to follow the rules of an examination or assessment. This policy and procedure uses the word 'malpractice' to cover both 'malpractice' and 'maladministration' and it means any act, default or practice which is:

- a breach of the Regulations
- a breach of awarding body requirements regarding how a qualification should be delivered
- a failure to follow established procedures in relation to a qualification

which:

- gives rise to prejudice to candidates
- compromises public confidence in qualifications
- compromises, attempts to compromise or may compromise the process of assessment, the integrity of any qualification or the validity of a result or certificate
- damages the authority, reputation or credibility of any awarding body or centre or any officer, employee or agent of any awarding body or centre (SMPP 1)

Candidate malpractice

'Candidate malpractice' means malpractice by a candidate in connection with any examination or assessment, including the preparation and authentication of any controlled assessments, coursework or non-examination assessments, the presentation of any practical work, the compilation of portfolios of assessment evidence and the writing of any examination paper. (SMPP 2)

Centre staff malpractice

'Centre staff malpractice' means malpractice committed by:

- a member of staff, contractor (whether employed under a contract of employment or a contract for services) or a volunteer at a centre; or
- an individual appointed in another capacity by a centre such as an invigilator, a Communication Professional, a Language Modifier, a practical assistant, a prompter, a reader or a scribe (SMPP 2)

Suspected malpractice

For the purposes of this document, suspected malpractice means all alleged or suspected incidents of malpractice. (SMPP 2)

Purpose of the policy

To confirm St Michael's CE High School:

has in place for inspection that must be reviewed and updated annually, a written malpractice policy which covers all qualifications delivered by the centre detailing how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body; it must also acknowledge the use of AI (e.g. what AI is, when it may be used and how it should be acknowledged, the risks of using AI, what AI misuse is and how this will be treated as malpractice)

General principles

In accordance with the regulations St Michael's CE High School will:

- Take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after assessments have taken place (GR 5.11)
- Inform the awarding body immediately of any alleged, suspected or actual incidents of malpractice or maladministration, involving a candidate or a member of staff, by completing the appropriate documentation (GR 5.11)
- As required by an awarding body, gather evidence of any instances of alleged or suspected malpractice (which includes maladministration) in accordance with the JCQ publication Suspected Malpractice - Policies and Procedures and provide such information and advice as the awarding body may reasonably require (GR 5.11)

Preventing malpractice

St Michael's CE High School has in place:

- Robust processes to prevent and identify malpractice, as outlined in section 3 of the JCQ publication Suspected Malpractice: Policies and Procedures. (SMPP 4.3)
- This includes ensuring that staff involved in the delivery of assessments and examinations understand the requirements for conducting these as specified in the following JCQ documents and any further awarding body guidance:

- General Regulations for Approved Centres 2025-2026
- Instructions for conducting examinations (ICE) 2025-2026
- Instructions for conducting coursework 2025-2026
- Instructions for conducting non-examination assessments 2025-2026
- Access Arrangements and Reasonable Adjustments 2025-2026
- A guide to the special consideration process 2025-2026
- Suspected Malpractice: Policies and Procedures 2025-2026 (this document)
- Plagiarism in Assessments
- AI Use in Assessments: Protecting the Integrity of Qualifications
- Post Results Services June 2025 and November 2025
- A guide to the awarding bodies' appeals processes 2025-2026
- Guidance for centres on cyber security

(SMPP 3.2)

Informing and advising candidates

Candidates are informed and advised to avoid committing malpractice in examinations/assessments through guidance distributed, assemblies, and, in the case of NEA work, through information given by their class teachers where candidates are informed of the consequences of using AI - what it is, the risks of using it, what AI misuse is, how this will be treated as malpractice, when it may be used and how it should be acknowledged by referencing the JCQ document 'Teachers & Assessors - AI Use in Assessments: Protecting the Integrity of Qualifications'.

AI Use in Assessments

With reference to the JCQ guidance for Teachers & Assessors – AI Use in Assessments: Protecting the Integrity of Qualifications: Pupils complete the majority of their exams and a large number of other assessments under close staff supervision with limited access to authorised materials and no permitted access to the internet. The delivery of these assessments should be unaffected by developments in AI tools as pupils must not be able to use these tools when completing assessments, although care must be taken when a pupil is allowed to use a laptop or similar device for exams to ensure they have no access to AI tools.

There are some assessments in which access to the internet is permitted in the preparatory, research or production stages. The majority of these assessments will be NEAs, coursework and internal assessments for General Qualifications and Vocational and Technical Qualifications (VTQs). JCQ's guidance which is designed to help pupils and teachers to

complete NEAs, coursework and other internal assessments successfully is followed in relation to these assessments.

Identification and reporting of malpractice

Escalating suspected malpractice issues

- Once suspected malpractice is identified, any member of staff at the centre can report it using the appropriate channels (SMPP 4.3)

This should be reported to Mrs Lever, Exams Officer, Mr Kellett (Senior Leader for Exams) or Mrs Rongong (Head of Centre).

Reporting suspected malpractice to the awarding body

- The head of centre will notify the appropriate awarding body immediately of all alleged, suspected or actual incidents of malpractice, using the appropriate forms, and will conduct any investigation and gathering of information in accordance with the requirements of the JCQ publication *Suspected Malpractice: Policies and Procedures* (SMPP 4.1.3)
- The head of centre will ensure that, where a candidate who is a child or an adult at risk and is the subject of a malpractice investigation, the candidate's parent/carer/ appropriate adult is kept informed of the progress of the investigation (SMPP 4.1.3)
- Form JCQ/M1 will be used to notify an awarding body of an incident of candidate malpractice. Form JCQ/M2 will be used to notify an awarding body of an incident of suspected staff malpractice/maladministration (SMPP 4.4, 4.6)
- Malpractice by a candidate discovered in a controlled assessment, coursework or non-examination assessment component prior to the candidate signing the declaration of authentication need not be reported to the awarding body but will be dealt with in accordance with the centre's internal procedures. The only exception to this is where the awarding body's confidential assessment material has potentially been breached. The breach will be reported to the awarding body immediately (SMPP 4.5)
- If, in the view of the investigator, there is sufficient evidence to implicate an individual in malpractice, that individual (a candidate or a member of staff) will be informed of the rights of accused individuals (SMPP 5.33-.34)
- Once the information gathering has concluded, the head of centre (or other appointed informationgatherer) will submit a written report summarising the information obtained and actions taken to the relevant awarding body, accompanied by the information obtained during the course of their enquiries (5.35)

- Form JCQ/M1 will be used when reporting candidate cases; for centre staff, form JCQ/M3 will be used (SMPP 5.37)
- The awarding body will decide on the basis of the report, and any supporting documentation, whether there is evidence of malpractice and if any further investigation is required. The head of centre will be informed accordingly (SMPP 5.40)

Communicating malpractice decisions

Once a decision has been made, it will be communicated in writing to the head of centre as soon as possible. The head of centre will communicate the decision to the individuals concerned and pass on details of any sanctions and action in cases where this is indicated. The head of centre will also inform the individuals if they have the right to appeal. (SMPP 11.1)

Appeals against decisions made in cases of malpractice

St Michael's CE High School will:

- Provide the individual with information on the process and timeframe for submitting an appeal, where relevant
- Refer to further information and follow the process provided in the JCQ publication A guide to the awarding bodies' appeals processes
