### INFANT CLASS NEWS

Miss Webster joined the staff team as a level 3 Teaching Assistant apprentice in January 2021 and her apprenticeship is now coming to an end at the end of this academic year. She has had a fantastic placement here at Samlesbury and we wish her all the very best for her future career not in education but as she sets up her own beauty business.

I'm delighted to share that on Monday we appointed Miss Myerscough to be our new infant class teaching assistant from September and we hope that she will be able to attend a Stay and Play session to get to know the children before she starts in September.

### ECO COUNCIL NO ELECTRICITY DAY – 28<sup>th</sup> JUNE (*this date is different to the previous date in newsletters*)

The Eco council is looking at ways we can reduce our electricity use in school. Next week they will be reading the meters daily to find out how much electricity we are using. The following week (27<sup>th</sup> June) everyone will be trying to use as little electricity as possible to reduce our use. On Tuesday 28<sup>th</sup> June we will be having a day where we will not be using electricity at all (or almost not as the phones, office computers and fridges/freezers will still be in

use). School dinners will also be prepared without the use of electricity.

The council want to help look after our planet and do our bit as well as reduce to cost of the energy we use and they hope that this project will help us all be more aware both in school and at home.

Please can I ask that all Parent Pay accounts are checked as there are still a significant number of outstanding payments for various trips.
