

# Band Club

Band Club is an exciting opportunity for you to make music with other students as a band! We perform a variety of different styles of music from rock and pop, to jazz and classical. You can join the band as a singer or choose to perform on any other instrument! Students who have had experience playing an instrument before are encouraged to attend, beginners are also welcome. Joining band club is a great place to work with friends and make music together.

Our band club will often take part in events and performances at school throughout the year!
