

Quotes from our Volunteers

Renatas Ovcinikovas – CCF Volunteer

“Whether it be behind the scenes or direct, you can see how much of what you do impacts the students in a positive way and helps them to grow, develop and mature into the role models of society”

Simon Scales – Enrichment volunteer

"The only footprint we can leave in life is a legacy, part of mine is defined through all the Taekwondo students I have trained and the Samworth students I have positively influenced over the years and continue to do so through voluntary work. The rewards in both volunteering and seeing those positive changes in young people is priceless. Everyone has something to give and by doing so voluntarily gives you a real sense of purpose and empowerment in changing others positively so that they too lay down their own legacy and help others in a similar way in the future."

Tina Smith – Student Support volunteer

“You make a living by what you get. You make a life by what you give”

Bev England – Outside of the Classroom volunteer

“I enjoy volunteering. It gives me the opportunity to give something back, share my knowledge and help young people achieve”

Jennifer Bedford – Student Support volunteer

“I enjoy coming in to help the students, supporting them on a 1:1 with their different activities. As a parent myself it gives me a lot of satisfaction knowing I can make a difference whether I am helping the students or staff”
