

Evidence for Learning – Family App

How to Guide

The Evidence for Learning (EFL) Family app is available via the App store (Apple devices) and Play Store (Android devices). This is the latest and easiest way for you to access your child's learning at Saxon Hill. As well as evidence and daily diaries, we share progress reports here too. EFL is also for you to upload valuable information and/or photos from home which could include weekend news, goals you are working on, new interests or any new achievements that deserve to be celebrated. Class teachers can share your updates with staff and peers in the class and is a lovely, social opportunity for our students to feel proud or excited about what they have been up outside of school. Staff can view and comment on your updates, and you can also comment on our updates too!

1. Go to your app store and search for Evidence for Learning Family, look for the app pictured below.
