Summer 2026

Welcome Back

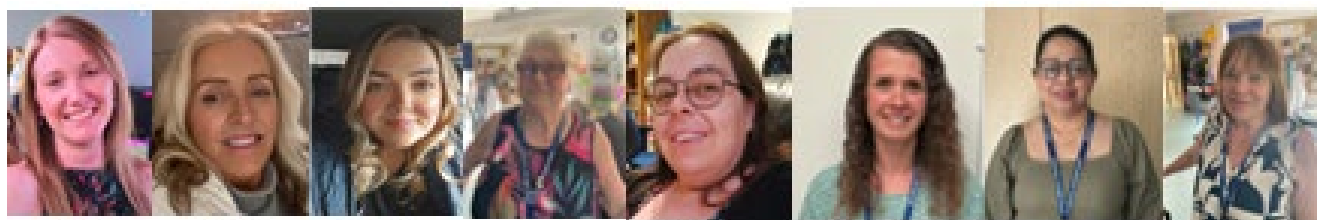

It has been lovely to see the classroom filled with excitement and smiling faces again! We've really enjoyed hearing about your summer adventures, and we hope you all managed to get some rest at some point too! It's great to see the students settling back into school life, a new classroom and making new friends.

We have lots of exciting learning opportunities coming up this year, along with work experience out in the community, you'll find more information about those below.

As we explore these opportunities together, you will be kept up to date and see the progress we have been making and the learning that we have achieved, on Evidence for Learning 'My School Day' updates. If you are having any trouble accessing EFL, please let us know and we can get that sorted for you. We will also keep you updated of any changes or important information through the home/school diaries, such as any in school appointments or medication information etc

If you have any worries or need any questions answering, please get in touch either via the school office, or your young person's home/school diary.

Summer 2026

Communication, language and Literacy.

Throughout Autumn term we will be completing work towards our AQA unit, A sensory view of the Beano comic. We will be exploring different styles of comics including Dennis the menace and dangerous Dan. We will be looking for tracking skills, responses in different forms, physical, verbal and AAC. Will we be making independent choices on characters and acting the parts. Ending on unit of sharing our own comic books with our peers or an adult.

Our Autumn term AQA unit will be ICT for a purpose. Which provides opportunities for cause-and-effect work. Using digital communication aids. Show their creative expressions through photography or digital apint apps. Exploring sounds through the use of Cosmo switches and oundbeam equipment. All while developing independent life skills.
